

OUTLINES.

At Boise, Idaho, yesterday, the State closed its evidence against William D. Haywood charged with complicity in the assassination of Governor Steunenberg; the attorneys for the defense made argument on a motion for the court to instruct the jury to bring in a verdict of not guilty because of insufficient evidence to warrant a conviction, but after hearing the attorneys for both sides Judge Wood held that Haywood must face the jury for his life—Bradstreet's report that better crop weather has helped business and that the demand for cotton goods is strong and the transactions in iron are record breaking—The Western Union and Postal telegraphers in San Francisco, numbering 250, struck yesterday for 25 per cent increase in wages, asserting that the eastern settlement does not affect the West where the cost of living is higher than in the East—President Roosevelt gave his first luncheon at Oyster Bay yesterday, among his guests being Assistant Attorney General Cooley who called to report on some charges against Federal office holders in the South; the French Ambassador and Madame Jusserand are the President's guests for a few days—The Travelers' Protective Association at the Jamestown Exposition yesterday elected W. R. Johnson, of Knoxville, Tenn., as president—George Bundrick, a white man twice convicted of murder and who escaped jail twice, going to South America, and finally surrendering himself in California, was hanged at Cordele, Ga., yesterday—At Milwaukee yesterday former clerk of the municipal court Frank E. Meier, was given a term of three years for embezzling \$30,000—Representative Nathan Hale, Tennessee Republican, has declared for Roosevelt for President, asserting that he can carry some Southern States—There is a strong demand at Tokio for the recall of Ambassador Aoki from Washington—New York markets: Money on call firm 2-4 to 3-12 per cent, prime rate 3-12, closing bid 2, offered at 2 1/2; spot cotton firm 12.85; flour steady but quiet; wheat steady, No. 2 red 97 elevator; corn easy, No. 2, 63 elevator; oats steady, mixed 51; turpentine firm 60-12 to 61; rosin steady, strained common to good 4.55 to 4.60.

San Francisco is boasting about receiving a shipment of ten tons of limburger cheese. It is probably for disfiguring purposes in connection with Frisco's municipal politics.

Nashville, Tenn., has organized a \$1,000,000 corporation to manufacture hosiery. The promoters have every reason to believe that there's money in stockings.

An Oyster Bay dispatch says: "President Roosevelt is putting in part of his time chopping wood." In this connection, it is hardly necessary to state that E. H. Harriman is putting in all his time "sawing wood."

Secretary of the Treasury Cortelyou wants all the \$10,000 bills outstanding to be sent in to the treasury. We'll do no such thing. We need all ours to make change, for any \$20,000 bill that some subscriber may tender for the payment of his subscription.

Says the Durham Herald: "Whether or not a man thinks it wrong to sell things on Sunday depends on how bad he happens to want them." Throwing one brick like that is calculated to sideswipe a whole lot of us at one sitting. Did it hit you?

Women's clubs in Sweden are called Dammklubbs. Damm is Swedish for dame and doesn't at all mean that United States word which American women feel like saying when they think of the men's clubs that keep their husbands away from home.

A girl at Utica, N. Y., committed suicide on the eve that she was to wed. Apt as not some fool married man in his haste to be consoling and leave the impression that he is a soothsayer, remarked in tenderest tones to the heartbroken groom that "everything turns out for the best."

A Chippewa Indian woman, Mrs. Rosa B. LaFlesche, is suing her husband for divorce. This shows that she has caught on to civilization and in all probability she is suing because her sense of refinement has been shocked because her husband insists on being called by his old name "Hole in the Ground," or some such.

Broker Van Riper testified at the trial of Edwin S. Holmes, Jr., that he (Van) "didn't know there was any harm in securing information about cotton statistics" from Holmes. Van wanted the information to get the advantage of suckers who didn't have the information and were going it blind in their cotton speculations, but it seems that the same Van realized what a low-down, rascally trick it was when the so-called information misled him into dropping some of his dough. Van Riper's virtue is gauged by selfishness.

MARKET MEN ASSIGN

Messrs Bremer and McMillan Name Trustee to Wind Up Affairs of Business.

SECOND AND MARKET STS

Mr. Sol Sternberger, Jr., Assignee of Firm—Liabilities About \$4,000; Assets About Same Largely in Open Accounts.

Messrs. Bremer & McMillan, proprietors of The Elite Market, northeast corner of Second and Market streets, yesterday made an assignment for the benefit of their creditors. The deed of trust was filed for record yesterday afternoon at the Court House, Mr. Sol Sternberger, Jr., being named as assignee. He is empowered to take charge of the business, dispose of the assets to best advantage and after reserving the legal exemption of \$500 for each of the members of the firm to make a pro rata distribution of the proceeds to all creditors.

Messrs. H. M. Bremer and G. J. McMillan compose the firm and they were represented in the transaction yesterday by Messrs. Herbert McClammy and John D. Bellamy, Jr., attorneys. The assignment sets forth that whereas the firm is indebted to various parties and are unable to meet the demands made upon them and desire to secure an equitable distribution of their property and effects among their creditors, after reserving for themselves the personal property exemption allowed them by law, they transfer to the assignee all the stock in the store at the location mentioned, all accounts, choses in action, etc. The effects in the store are subject to a mortgage made by the assignors to Sol Sternberger, Jr., by deed of date January 22, 1907, but all the residue after this mortgage is satisfied is to be applied to the distribution to creditors with all accounts collected, etc., as stated above. Mr. Sternberger gave bond and at once took charge of the business, the stock being in part of a perishable nature and, therefore, requiring sale at once.

"THE FOURTH" AT MAXTON

Grand Rally of Robeson County Cotton Growers' Association. (Special Star Correspondence.) Maxton, N. C., June 21.—There will be a grand rally of the Robeson County Cotton Growers' Association at Maxton on Thursday, July 4th, and an immense crowd is expected. Everybody is invited to come and bring baskets for a picnic. Senator Lee S. Overman and National Organizer E. D. Smith of Columbia, S. C., are expected and will address the gathering. Reduced rates have been promised on the railroads and the Maxton people are making every arrangement to give the visitors on this occasion a pleasant time. The committee on advertising is composed of Hon. G. B. Patterson, J. C. Everett, W. B. Harker, of Maxton; W. S. Johnson, of St. Paul's, and Giles Robinson, of Rowland. A good band and other attractions will be provided.

Waived Examination and Bound Over. L. M. Bryant, charged by Mr. James H. Burriss with forcible trespass in entering upon lands of his in Federal Point township, went into Justice Furlong's court yesterday at the hour appointed for preliminary trial, through his attorneys, Messrs. Herbert McClammy and Marsden Bellamy, waived examination and was bound over to the Superior court. The case grew out of the controversy between the two men in regard to the ownership of lands claimed by both in Federal Point township.

Baseball This Afternoon. The usual doubleheader in the City Baseball League will be played this afternoon at Hilton Park. The first meet will be the Y. M. C. A. and Giants at 3 o'clock and the second will be the Rattlers and Monarchs at 5 o'clock. The public is cordially invited to attend either or both of the games.

CONFERENCE ON STREETS

Mayor and Streets and Wharves Committee of Board of Aldermen Held Interesting Session—Meeting on Next Tuesday Night.

Following the joint meeting of the Street Commissioners and Board of Audit and Finance Thursday night at which it was agreed to make an appropriation out of current funds for the repair of the streets of the city and have this work done by the Streets and Wharves Committee as formerly in connection with the street cleaning, there was a conference yesterday afternoon between Mayor William E. Springer and Aldermen O'Brien, Boiles and French, of the Committee from the Board to which it is proposed to refer the matter of repairs. The meeting was held in the Mayor's office and continued until after 6 o'clock. The arrangement proposed as to repair of the streets was accepted by the Streets and Wharves Committee upon the representations made by the Mayor, who was present at the meeting Thursday night, and it is expected that in the future matters will move along smoothly.

In order to get the matter in official shape Mayor Springer has issued a call for a special meeting of the Board of Aldermen for Tuesday night of the coming week at which the action in committee meeting and conference will be ratified. At the called meeting Tuesday night the Board will also entertain applications for renewal of liquor licenses which expire on July 1st. These applications will first be submitted to a committee regularly appointed for this purpose and composed of Aldermen O'Brien, French and Northrop. This committee will meet Monday or Tuesday in order that the batch of application may be gone over and put in shape for action by the Aldermen at their official meeting.

DEATH AT LAURINBURG

Mr. Peter McRae, One of Scotland's Highly Esteemed Citizens. (Special Star Correspondence.) Laurinburg, N. C., June 21.—Peter McRae, died here this morning at 2 A. M. in his 78th year, and will be buried in the town cemetery tomorrow (Saturday). Funeral at Methodist Church at 11 A. M. He was a representative from Richmond county and was a member of the State Senate, and was for many years a member of the Board of County Commissioners of Richmond county, before Scotland was formed, and for several years was chairman of the Board. He is survived by his sons J. P. McRae, Professor D. K. McRae, and one daughter, Miss Effie McRae, of this place, and a grandson, Master Harry Malloy, of Wilmington. He was a splendid specimen of Scotch candor and integrity, long a ruling elder in the Presbyterian church. The funeral is from the Methodist church on account of the incomplete Presbyterian church here.

Mr. Melvin Horne Claims as Bride Miss Olive Cowan, of Pender. Last night at 8:30 o'clock at the home of the bride in this city, Third between Hanover and Brunswick streets, Miss Olive Cowan, the attractive young daughter of Mr. and Mrs. J. K. Cowan, of Pender county, was married to Mr. Melvin Horne, a well known and popular young man of this city, formerly employed by the Consolidated Company. The ceremony was very quiet and was performed by Justice John J. Furlong in the presence of only a very few friends. Later, however, the couple repaired to the pretty new home recently purchased by the groom in the southern part of the city and there an elaborate wedding reception was given. Mr. and Mrs. Horne have the very best wishes of many friends for their health and happiness.

MARRIED LAST NIGHT.

Stranger is Arrested. On a warrant from Justice Furlong's court yesterday, Deputy Sheriff A. T. Piver arrested Larry Cook, a white man of Warsaw, charged by Mr. J. C. Vereen with passing a worthless check for \$2.50 on him. Cook was drinking somewhat and when Mr. Vereen carried the check to the bank and could not realize on it, he took it back to the stranger and asked him for a receipt that he had given him for it. It is alleged that Moore got hold of the check, tore it up and refused to return the receipt to Mr. Vereen whereupon Vereen had him arrested. The trial will come up in Justice Furlong's court today at 10 A. M. The arrest was made late in the afternoon and Moore was committed to jail.

Buzz Wagons to Be Taxed. The tax listers of the city and county yesterday made requisition on the chief of police for a list of automobile owners in the city with a view of having this personal property listed for taxation against the owners. There are something over 30 machines in the city, and upon a valuation as low as \$500 about \$15,000 would be added to the taxable values of the city and county provided all of them are given in.

To Close Eastern Star Hall. Upon complaint of a dozen or more residents in the vicinity, a warrant was issued yesterday for the managers of Eastern Star Hall, a place of amusement maintained by the colored people at Tenth and Princess streets. The charge is maintaining a nuisance by allowing crowds of disorderly persons to congregate there and disturb the peace of the neighborhood until late hours at night. The hall was closed once or twice under the former administration, but upon assurance of reputable colored people that it would be open thereafter in an orderly manner, the ban on the place was declared off. Now the fight is renewed by residents in the neighborhood and the managers will be before the Mayor again today at noon.

BURNS PERHAPS FATAL. Negro Injured Thursday Night Not So Well at Hospital. Joseph North, the colored man who was so severely burned as the result of gasoline taking fire in the room where he lay sick night before last, was not so well at the hospital yesterday and it is doubtful if he survives the week. It was stated at the hospital last night that he was still suffering much and that he had probably inhaled some of the flame in which event his chances are very slim.

FOR PETERS' TROPHY

Messrs Penny and Warren Tie, Former Winning Lead in Shooting Tie Off.

FOR THE MURCHISON CUP

New Contest Inaugurated By Wilmington Gun Club Yesterday Afternoon—Meet Southport Team on Police Excursion.

Yesterday was possibly the most interesting day of the season at the traps of the Wilmington Gun Club near Delgado. The attendance was large, the scores were good and the meet was featured by the practical closing of one tournament and the inauguration of another. The event practically closed was the shoot for the Peters' trophy and the one inaugurated was the contest for the handsome cup offered by J. W. Murchison Company. In the Peters' shoot Messrs. Penny and Warren tied with 173 out of a possible 250 and then shot the tie off. Mr. Penny winning in a score of 23 out of 25. Mr. Warren's score in the tie off was 18. Boushee came out third for the trophy with 172. Dr. R. H. Bellamy third, with 171. Skokley and Emple tied with 168 for fourth place while Dr. Dreher and Boylan were fifth and sixth in the contest with 160 and 154, respectively. This practically closes the contest with Mr. Penny the winner.

The Murchison cup tourney was begun during the afternoon and the shoot closed with Dreher and Penny leading on a tie of 82 out of 150 for the 250 to be shot. This shoot will continue through the season with any ammunition on the sliding handicap scheduled. The scores yesterday were as follows, the first two columns representing the Murchison tournament and the last two the regular club shoot:

	Shot at	Broke	Shot at	Broke
Penny	100	82	—	—
Boushee	100	77	—	—
Warren	50	37	—	—
Stokley	125	96	—	—
Fyves	25	8	25	11
Boushee	75	53	25	15
Boylan	50	30	50	34
Bennett	75	36	—	—
J. H. Co.	50	10	—	—
Howell	50	18	—	—
Stranger	—	—	50	10
Bellamy	75	55	—	—
Emple	50	30	—	—
Holmes	25	16	75	52
Dreher	100	82	—	—
Perdue	50	22	—	—
Williams	—	—	25	17
M. & Co	—	—	25	3

It was announced by President Emple that the committee on the police excursion had invited members of the club to go to Carolina Beach on the 27th instant to meet a team from the Southport Club. The attendance will probably be large and the shoot promises to be quite interesting.

Collided With a Dray. A little son of Mr. and Mrs. F. J. Dempsey, employed as a delivery boy at the clothing store of Mr. R. F. Hamme, on Front street, collided with a dray on his bicycle yesterday evening about 6 o'clock on Market street, between Front and Second. The dray was going toward Front street and the boy on the wheel was going toward Second. Both vehicles met head-on, the boy was thrown under and was run over by the dray, suffering a number of painful abrasions. He was taken into Shepard's drug store and given necessary attention, after which he was sent to his home, 305 Harnett street. The dray belonged to the J. C. Stevenson Company, and was being driven by Thos. Loftin, colored. Bystanders stated that the drayman was not to blame for the accident and he was not arrested.

To Close Eastern Star Hall. Upon complaint of a dozen or more residents in the vicinity, a warrant was issued yesterday for the managers of Eastern Star Hall, a place of amusement maintained by the colored people at Tenth and Princess streets. The charge is maintaining a nuisance by allowing crowds of disorderly persons to congregate there and disturb the peace of the neighborhood until late hours at night. The hall was closed once or twice under the former administration, but upon assurance of reputable colored people that it would be open thereafter in an orderly manner, the ban on the place was declared off. MRS. THOS. P. NOE DEAD

Wife of Episcopal Rector Passed Away in This City Early Yesterday Morning—Remains to Be Buried at Beaufort, N. C., for Burial.

Many friends here and elsewhere will learn with infinite sorrow of the death of Mrs. Julia Noe, wife of Rev. Thomas P. Noe, rector of the parish of the Good Shepherd, which occurred at the family home in this city, No. 611 Orange street, yesterday morning at 3:30 o'clock. Mrs. Noe had been in extremis for several days and while her death was not unexpected, it came as a sad blow to family and friends. Sadder still is the death because there are left infant twins, scarce two weeks old, who will never know the joy of a mother's love. Mrs. Noe was Miss Julia Thomas, a daughter of Mr. C. C. Thomas, of Beaufort, N. C., and was married to Rev. Mr. Noe five years ago. Since her husband came to take charge of the work of the Good Shepherd here about one year ago, she had been a resident of Wilmington and was universally beloved by those who knew her. She took an active interest in church affairs with her husband and her kindly presence there will be sadly missed. She leaves to mourn their loss, her husband, father, the infant children, a little son, two years old; two brothers and one sister. Mrs. Perry, an aunt, was with Mrs. Noe when she passed away. Her sister was also here during the week but it was thought the condition of the patient was better and she returned to her home at Beaufort. All the bereaved ones have the tenderest sympathy of the community in the loss they have sustained.

Brief funeral services were conducted from the residence, 611 Orange street in this city, at 1 o'clock yesterday afternoon by Bishop Strange and Rev. W. Hogue, rector of St. James, after which the remains were taken on the Newbern train to Beaufort for interment today. Accompanying the grief-stricken husband on the sad mission to his former home were Mrs. Perry, Miss Emily Westbrook and Messrs. J. A. Gregory and R. J. Sellers, the two last named being members of the vestry of the parish. The pall-bearers from the station to the train were also from the vestry of Mr. Noe's parish as follows: Messrs. D. A. Rowan, J. H. Burris, D. D. Barber, John McAllister, Graham, Alderman, Mr. George Rountree and Captain William F. Robertson, of St. James' vestry, accompanied the remains from the residence to the station as an honorary escort.

DOINGS OF THE DOG CART.

Officer Frank George is Rounding Up All Sorts of Animals. Officer Frank George is establishing a record for himself and the dog cart. Thus far he has impounded something over a hundred canines and on Thursday added to his accomplishments by taking in four or five stray hogs, a few goats and three horses. Last night there were something like 30 dogs in the pound, but from the number of property owners clamoring for badges after the City Clerk and Treasurer's office closed yesterday afternoon, most of these will be claimed when the office opens this morning. Officer George is a humanitarian and does not resort to killing the dogs as long as he can help it. He reports that by all passing steamers he has supplied a larger portion of the upper Cape Fear by deportation after the 24 hours notice and yesterday sent half a dozen or more fine pups over into Brunswick. The sales of dog badges thus far have been the heaviest on record, something over 1,100 being already sold, against about 900 all of last season.

Runaway on Chesnut Street.

The buggy horse of Mr. Julius Hahn ran away yesterday afternoon down Chesnut from Sixth to Third street, falling at the intersection of the latter streets and reducing the vehicle almost to kindling wood. The horse fell as the buggy turned over and had to be cut loose from the harness by parties who ran out to stop the frightened animal. The horse started from Mr. Hahn's residence near Sixth and Chesnut as Mrs. Hahn was about to get in the buggy and as the horse was being held by a small colored boy who was not injured.

OPERATION YESTERDAY

Young Lonnie Snipes Doing Nicely at Hospital—Recovery.

Young Lonnie Snipes who was transferred from the county jail to the hospital Thursday evening, underwent an operation for appendicitis yesterday morning at 11:30 o'clock and was reported last night by the surgeons in attendance as doing remarkably well with all the chances in favor of his recovery. The patient remained cheerful and bright to the very last, and recovered speedily from the effect of the narcotic administered for the operation. While he will not be out of danger in 24 or 48 hours all the symptoms are good. The operation was confirmed the diagnosis of Drs. Burbank and McMillan and the operation was timely. Members of the family were with him when the operation was performed.

Railroads Want Law Limiting Hours of Telegraph Employees Extended Further.

FIRE AT CHAPEL HILL

Dissecting Building of the Medical School Burned—Sanford Enterprise Chartered—Commission to Lieut. of Wilson Co.

(Special Star Correspondence.) Raleigh, N. C., June 21.—The Corporation Commission devoted the afternoon to hearing the railroad attorneys and representatives of the Railway Telegraphers' Union for and against the petition of the Southern, the Seaboard Air Line and the Atlantic Coast Line for the operation of the act of the recent legislature limiting the hours of duty of train dispatchers to eight hours per day after July 1, the prayer of the petitioners being that the railroads be allowed to keep these operators on duty as long as twelve hours and that the State law be not put in operation at all until March 4th when the act of the last Congress on the same subject applying to the whole country will be in effect. James H. Poir, for the Atlantic Coast Line; T. B. Womack for the Seaboard Air Line, and H. W. Miller, for the Southern, addressed the Commission in support of the petition while the interests of the telegraphers opposing the petition were represented by E. J. Justice, of Greensboro; Judge Strudwick, Greensboro; E. F. Upchurch, Cary; R. N. Simms, Raleigh; and others. A number of telegraphers were present to hear the argument. Counsel for the railroads insisted that for the act to go into effect now would greatly increase the expense of this department of railroad service and that there were not really enough telegraphers available and that ere long now the National law will be operative and meet every need of the case, and that with the privilege of working some of the men twelve hours when necessary the service would be greatly benefited and the interests of the railroads and the operators protected.

On the other hand the opponents of the petition insisted that to grant the petition would impose a hardship on the operators who at the small stations have to serve as operator, depot agent, mail agent and half dozen capacities of service, the long hours and the multiplicity of duties giving rise to innumerable possibilities of error that would endanger the lives of train crews and hundreds of passengers. The Commission has taken the petition and arguments under advisement and will rule later on the question. A telegram was received this morning from the University of North Carolina by State Insurance Commissioner J. R. Young to the effect that early this morning the dissecting hall on the University campus was totally destroyed by fire. No statement was given as to the origin of the fire. The loss was protected by insurance, the Insurance Commissioner having this in hand for all the State institutions. Commissioner Young is still at Columbia, S. C., attending the convention of insurance men in that State and the amount of insurance on the building burned could not be ascertained.

DRUGS ON THE BEACH.

Mr. James M. Hall Opens Stock in Seashore Hotel at Wrightsville.

The question of drugs at Wrightsville Beach is no longer one of waits after annoyance at the telephone in getting orders up town. Mr. J. M. Hall, the well known druggist of this city, has opened a branch stock at the Seashore Hotel, where all the standard drugs will be kept and in cases where it is necessary to secure the same from the city at the earliest possible time with no inconvenience to the customer. The branch is quite a convenient addition and it should prosper from the start. an-etoashrdleatoinshrd

Fell on the Sidewalk.

A young man named Thompson who recently came here from Georgia and accepted work in the Coast Line general offices, fell on the sidewalk nearly opposite the residence of Mayor Springer, on Second street, yesterday afternoon about 6 o'clock, and suffered bruises and cuts that necessitated his being sent to the hospital. He had been sick during the day and unable to work. While walking out in the afternoon he suffered an attack of some kind and was unconscious for some time. He was reported from the hospital as resting very well last night.

Special arrangements are maintained for treating ladies at The Greensboro Keating Institute. Absolute privacy if desired. thu sat **

DISTRIBUTION OF COTTON SPINDLES.

Census Bulletin 63, issued from Washington, shows some interesting facts concerning the supply and distribution of cotton for the year ended August 31, 1906. This is shown in the following table, which contains the number of establishments consuming raw cotton, the number of active spindles and the amount of cotton actually consumed in the ten principal cotton manufacturing States:

	No. of Active Consumed.	est. spindles. (bales.)
Massachusetts	210	8,790,793 1,234,182
N. Car.	251	2,341,792 675,332
S. Car.	141	3,345,076 674,588
Rhode Island	76	1,230,953 217,118
New H.	46	1,296,445 233,853
Georgia	138	1,546,998 513,814
Conn.	86	1,174,527 148,692
Maine	34	912,593 163,297
Alabama	68	851,986 244,058
New York	112	802,254 176,739

The Boston Commercial Bulletin sees in the above statistics something of special interest to the manufacturers of Massachusetts in the relative position occupied by the cotton industry of the Bay State as compared with other cotton manufacturing States. Says the Commercial Bulletin:

"Massachusetts, it will be seen, with 258 fewer establishments than North Carolina, South Carolina and Rhode Island combined, has 973,068 more active spindles. This State, indeed, had only 204,075 fewer active spindles than all the Southern States together, which had 8,994,868 spindles in operation. Massachusetts, too, consumed practically as much cotton as the two Carolinas, and more than half as much as the entire South consumed. The larger consumption per spindle in the South is, of course, mainly due to the coarser goods produced there. The tendency in Massachusetts and the North generally is toward an increased output of fine yarns."

The fact that the New Englanders are comparing their long established cotton industry with that of the "infant" cotton manufacturing industry in the South shows what strides we are making in the milling business of the South. Statistics concerning the industry are always interesting, and while Massachusetts is acknowledged to be at the head of the industry as an individual State, North and South Carolina are making a close race for second place with the prospect that some of these days one or the other of the Carolinas will take first place.

ROW CALLED OFF.

It appears from some of our esteemed Republican contemporaries that the Adams-Butler row, which so stirred up the Republican party in North Carolina, has been called off. Editor Jack Albright, of the Mount Airy Leader (Rep.) lets it be known in this paragraph:

"The Adams-Butler incident seems to be closed, and the rank and file of the party now wonder what the row was about, anyhow."

The Winston Republican informs us about it in this paragraph:

"All the agitation and attempt to make capital of the Adams-Butler controversy, by certain Democratic papers and politicians, has fallen flat, since the matter has been settled and harmony restored in Republican ranks. Democracy would do well to accomplish as much."

In another paragraph in our esteemed Winston Republican contemporary we find this additional paragraph:

"To have Butler recognized as a Republican leader in North Carolina is the latest Democratic attempt, degrading in the extreme, to discredit Republican leadership, although not one statement can be found, except by those entertaining the same object, offering a foundation for its truth. Only the ignorant will be misled."

This last paragraph is presented for interpretation as to whether "the latest Democratic attempt" is degrading as to motive, or whether the Republican repudiates Butler as a "discredit to Republican leadership."

The latest contribution to the subject is a Salisbury special in the Raleigh News and Observer of yesterday. The special is dated June 20th, and says:

"Friends of former Senator Marion Butler have a movement on foot to invite him to make a speech in Salisbury. It is suspected that this is part of a plan for opening up on State Chairman Adams, with whom the Senator has recently exchanged some compliments in the newspapers."

This last piece of intelligence seems to conflict with the paragraphs from the two Republican papers. The "Old Reliable" runs the risk of being referred to by them as the "Old Unreliable."

MATTER OF STATE DUTY.

Wilmington's movement for deeper water from her wharves out to sea has brought out some impressive facts concerning the already important commerce of our port. Many people in North Carolina have been surprised at the disclosures, for such they are to many, and the press has not been slow to make a note of it and be gratified accordingly that the State has a port that is doing business and has a future before it. The Charlotte Observer has been so impressed and in yesterday's issue of that valued contemporary we find this short editorial:

"While it is a pleasure it is not a surprise to note the enthusiastic endorsement by the press of the State of the movement in behalf of deepening the channel of the Cape Fear river to thirty feet from Wilmington to the sea. In the circumstances the amount of Wilmington's sea-going tonnage is astonishingly great; with better facilities they would be infinitely enlarged, and co-operation to secure this enlargement is a matter of State duty as its accomplishment would be a matter of State pride. A river and harbor improvement which would admit vessels of the deepest draught to the wharves of Wilmington would make of our chief seaport one of the great cities of the South and would result in great benefit to the commercial interests of the State. Upon the proposition in hand there can, of course, be no division of sentiment among our people."

The Observer didn't have another line more than we have given above, but in that brief space it put the matter in a particularly strong and striking light.

THE AMERICAN MAGAZINE.

The July number of the American Magazine has been received. It comes in an artistic cover and inside there is splendid entertainment and edification in a variety of matter. The illustrations are excellent and full of interest and one will be especially so in the South—a typical and familiar scene of negro cotton pickers in the field, just such a sight as people in the cotton belt have seen but never fail to appreciate. It occurs as an illustration in Ray Stannard Baker's series of articles now running on "Following the Color Line." Fiction and contributed articles and other features make the American Magazine one exceedingly welcome to readers, but it should not be overlooked that in the July number Mr. Dooley gives us something on the Presidential candidates. The magazine is sent a year for \$1.00 and sells at 10 cents per copy. Address The Phillips Publishing Company, 341 Fifth Avenue, New York.

CURRENT COMMENT.

—If Dr. and Mrs. Rowland did not murder Engineer Strange, Providence seems to have been playing right into their hands.—Durham Herald.

—It is true that most things are much higher than a few years ago, but then most of us have the price.—Durham Herald.

—About the only thing Harry Orchard hasn't confessed so far is that he started the Hearst presidential boom a few years ago.—Augusta Chronicle.

—Bishop Lawrence declares that Roosevelt and Hughes remind him of Moses. We hope the simile will not extend to the extinguishment of their lights.—Atlanta Constitution.

—At least nobody has had the hardihood to accuse Uncle Remus of "nature faking" as regards Brer Rabbit, and if anybody should be so bold the country would rise as one in indignant protest.—Atlanta Georgian.

—It is announced that the state of South Carolina will have to borrow \$500,000 at once. It would be only fair for some of their ex-dispensary commissioners to let her have the money, without interest.—Augusta Chronicle.

—Colonel Joe Reece, of the Greensboro Record has settled this cool weather problem by consulting an almanac for 1835 which predicted that there would be no summer in 1907.—Winston Republican.

—The Earl of Monster is going around denying that he is engaged to Mrs. Potter Palmer, which is a form of amusement that even a commoner can indulge in as he lists.—Richmond Times-Dispatch.

—A party of Texas bankers, sightseeing in the metropolis, have declared the New York women to be simply "superb." We will bet a Lone Star simoon that the Houston Post is afraid to show this to the red-headed Texas lady he has hitherto been prone to vout.—Richmond Times-Dispatch.

TWINKLINGS.

—City Man—Has your wife a good cook now? Suburbanite—I don't know; I have not been home since morning.—Pioneer Press.

—Daughter—But he is so full of absurd ideas. Mother—Never mind that, dear. Your father was just the same before I married him.—Town and Country.

—Silkies—When would you say that a man reaches the age of discretion? Cynicus—When he realizes that he is too old to marry.—Philadelphia Record.

—She—He has a most extraordinary figure, hasn't he? He—That's so. I believe an umbrella is about the only thing he can buy ready made.—Ally Slopper's Half-Holiday.

—Tomkins is having an awful time with his new auto. "In what way?" "Every time he repairs it he has a lot of parts left over that he can't find a place for."—Milwaukee Sentinel.

—Magistrate—What! Do you mean to say your husband struck you, and he that physical wreck? Mrs. Mahoney—Yes, yer honor; but he's only been a physical wreck since he struck me.—Independent.

DON'T WAIT.

Take Advantage of Wilmington Citizen's Experience Before It's Too Late.

When the back begins to ache, Don't wait until backache becomes chronic;

Till serious kidney troubles develop; Till urinary troubles destroy night's rest.

Profit by a Wilmington citizen's experience.

H. W. Bagg, merchant and furniture manufacturer of Second and Market streets, residing at 114 North Sixth St., Wilmington, N. C., says: "I used Doan's Kidney Pills and they proved to be a grand medicine, and I can only say that Doan's Ointment is the best remedy of the kind on the face of the earth. I suffered with my back for a long time. When I sat at my desk for a while and attempted to get up I would have to catch hold of a chair for support and straighten myself up gradually. The kidney secretions were dark colored and full of sediment. I read about Doan's Kidney Pills in our papers and went to R. R. Bellamy's drug store and got a box. Since using them my back is strong and I can move about and stand up straight as ever and the kidney secretions have all cleared up. You may use my name as an endorser of the claims made for Doan's Kidney Pills and also Doan's Ointment, which I used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other.

Remarkable Rescue.

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled, when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c and \$1.00 at R. R. Bellamy's drug store. Trial bottle free.

There is no shock to the system from relinquishing the use of stimulants by the Keeley System of treatment as administered at The Greensboro Institute, the only authorized Keeley Institute in North Carolina. thu sat **

Belle of Virginia
BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

LAMARTINE'S PRESENT.

How the French Author Got a Big Price For a Little Poem.

Francis Buloz, the founder and editor of the famous French journal, *La Revue des Deux Mondes*, was by no means celebrated for his generosity to contributors. One day shortly after the publication of Lamartine's "Les Girondins," and while the literary world was ringing with the fame of its great author, Buloz called on him and asked him to write an article for his magazine. Lamartine consented, but stated that he could not have it ready for some weeks.

Buloz, fearing that this was only an excuse and that he would never get the article, offered Lamartine an advance. It so happened that the author was in need of 4,000 francs at that time, and he so informed the editor, who at once handed over the money. Three months later he called Lamartine's attention to the fact that the contribution had not yet been received. It was toward the end of 1847, and the great author was devoting his entire time to politics.

"While you are waiting for this article would you care for a little poem I have here?" he asked Buloz.

He enthusiastically replied in the affirmative.

Months later, when Lamartine had become minister of foreign affairs, Buloz again called upon him to remind him of the promised contribution.

"But you see my position," answered the minister, "how busy I am!"

Buloz frowned.

"But, citizen minister, a certain amount of money was advanced, and the interests of my magazine do not permit me to—"

"How much was it?"

"Four thousand francs."

Lamartine took this amount of money from the drawer and laid it upon his desk.

The editor, however, looked somewhat embarrassed.

"Well, what more can I do for you?"

"You have your money."

"The fact is, I owe you for a small poem."

"Oh, that's not worth mentioning! I'll make you a present of it."

Buloz drew himself up haughtily.

"Citizen minister, *La Revue des Deux Mondes* does not accept presents. How much do I owe you?"

"Oh, well, if you insist," answered Lamartine dryly as he took up the 4,000 francs and replaced them in his drawer, "we will call it square!"

The Mystic Number Five.

Five is the great sacred Chinese number. There are five virtues, five colors (yellow, white, green, red and black), five household gods, five planets (Saturn, Venus, Jupiter, Mars and Mercury), five ranks of nobility, five tastes, five cardinal points (the middle, east, west, south and north respectively), and five tones.

Lightning Superstition.

The ancient Romans avoided places struck by lightning. The houses if damaged were pulled down or fenced in so that no one could use the building on which the gods had set the mark of their displeasure. This feeling was probably deepened by the fact that certain localities are visited by thunderstorms more than others, the wrath of Jove descending in white flame time and again in the same spot. And it was the same superstition, lingering among Christians in a slightly different form, which made it so difficult for Benjamin Franklin to introduce the lightning rod, for the pious Americans of that day declared that "it was as impious to erect rods to ward off heaven's lightning as for a child to ward off the chastening rod of its father."

The Wood in Old Violins.

The woods most favored by the old masters for violin construction were pine, pear, lemon, ash, maple and sycamore, and by some of the later men apple was used. Boxwood was universally employed for bridges. Haweis says, "A perfectly harmonious marriage is as rare between violins and their bridges as it is between men and women." He deprecates the heartless substitution of new bridges for old ones and insists that a new bridge will never mate perfectly with an old violin, and rather than resort to substitution he advises patching and repairing the old one as long as it can be made to last.—Circle Magazine.

A Homemade Weather Glass.

A very reliable weather glass can be made out of such simple materials as an empty salad oil bottle and a quart fruit jar. Having procured these articles, pour sufficient water into the jar so that it covers the mouth of the bottle when the latter is inserted into the former. In fine weather it will be found that the water will rise into the bottle, but will fall back into the jar when wet weather is due. Though the idea of this quaint homemade barometer is not new, it is quite reliable.

A Poor Artist.

Patience—Do you know Jules, the artist?

Patrice—Yes, but I don't like him.

"Why not?"

"Oh, I like a man who can look you in the eye."

"Can't he?"

"Why, he can't even paint a picture of a person who can look you in the eye!"—Yonkers Statesman.

Characteristics.

"Geniuses are eccentric. Some of them touch every post or tree they run across."

"Most of 'em touch every friend they run across or almighty try to."—Louisville Courier-Journal.

No man can wear one face to himself and another to the multitude without finally getting bewildered as to which may be the true.—Hawthorne.

RULES GOVERNING THE CONTEST. READ THEM CAREFULLY:

A.—All subscriptions must be received at the regular published rate. No discounts or commissions whatever will be allowed.

B.—No subscriptions will be received for a less time than three months.

C.—Every subscription sent in under this offer must be a bona-fide new subscription to *The Morning Star*. No others will be received, and a careful investigation will be made to determine whether or not the name sent in is a new subscriber.

D.—Cash must accompany all orders.

E.—All that is necessary to win any of the trips enumerated above is that the subscriptions sent in shall aggregate the amounts named. Orders need not be for yearly subscriptions only. In securing subscriptions the following ratio may be observed: Two six-months' subscriptions are equivalent to one yearly subscription; four three months' subscriptions are equivalent to one yearly subscription.

F.—The names of new subscribers, and the amounts collected, should be sent in as soon as obtained. Receipts will be forwarded to the subscribers at once, and the amount placed to the credit of the contestant.

G.—This exceptional offer will remain open to all until September 1, 1907. If you get to work at once there is time a plenty for you to secure one of the best trips. You may visit the Exposition any time you please.

Structural Building Alliance.

The Structural Building Trades Alliance of Wilmington held a very enthusiastic rally last night in union hall, fourth floor of the Atlantic National Bank Building. Seven of the different building trades were represented at the meeting and a jolly good time is reported. Sixty members were present and two additional trades were received into the alliance at this meeting. After the formal part of the exercises refreshments were enjoyed and a fine smoker given.

POLICE COURT ITEMS.

Negro Drunk Sent to Roads—Other Trifling Cases.

In the Mayor's court, yesterday Richard Wilson, colored, charged with being drunk and down, was given 30 days on the county roads.

John Gilmore, colored, charged with riding on the fender of a street car, was fined \$5 and costs.

Tom O'Reilly and Larry Cook, two white men, charged with vagrancy, were let off with the costs.

Death of Aged Man.

Mr. Edward Vernon, probably the oldest man in this part of the State, died at his home at Grady, Pender county, Thursday night at 10:45 o'clock. Mr. Vernon was 88 years old, the twelfth of last March and leaves twenty grandchildren. The funeral was conducted yesterday afternoon at 5 o'clock from the late residence of the deceased, and interment was in the family burial ground nearby.

SHORT TERM FOR BIG STEAL.

Embezzler of \$30,000 Gets Only Three Years.

(By Wire to The Morning Star.) Milwaukee, Wis., June 21.—Frank E. Woller, for 18 years clerk of the municipal court of Milwaukee, this evening went into the court of which he has been an officer, pleaded guilty before his bosom friend, Judge Brazee, of embezzlement of \$30,000, on which charge he was arrested yesterday and was sentenced to three years at hard labor house of correction. Judge Brazee said that duty alone prevented him from calling in another judge to sit in the case. He was almost overcome as he pronounced the sentence.

Has your stomach gone out of business? If so you can reach the top notch of physical and mental power by using Hollister's Rocky Mountain Tea 35 cents, Tea or Tablets, J. Hicks Bunting Drug Co.

LOCAL DOTS.

—Friends of Mr. J. D. Sidbury will regret to know that he is confined to his home by illness. Anyone who desires to see him may call at 515 South Fourth street.

—A lease was filed for record yesterday by which the A. C. L. acquires a right of way over property of the Misses Burrus in Block 202 for an annual rental of \$200.

—By an agreement filed for record yesterday Mrs. Annie H. Turrentine agrees to sell to Messrs. Brooks & Taylor, for \$1,240.37 and other considerations, property on east side of Fifth, 99 feet south of Walnut street, 33x165 feet in size.

—The Wilmington District Conference M. E. Church will convene at Whiteville on July 23d and continue until July 26th. Homes will be assigned to the visiting ministers and delegates and the people of Whiteville will entertain the conference royally.

—By deed filed for record yesterday Capt. S. V. Bunting and wife transferred to Mr. Adam G. Latta, for \$100 and other considerations, property on west side of Seventh, 99 1-2 feet north of Mulberry street, 33x45 feet in size.

—First Presbyterian Church, corner Third and Orange streets, Rev. J. M. Wells, D. D., pastor: Services tomorrow at 11 A. M. and 6 P. M. Sunday School at 5 P. M. Mid-week prayer meeting Wednesday evening at 8:15 P. M.

—This week's Southport Herald says: "Mr. James S. Craig, manager of the Little River Telephone Company, informs us that the line from here via Lockwood's ferry and Shallotte to Little River will now be rapidly pushed to completion. All or nearly all of the poles have been set, and the stringing of the wire will be commenced immediately. The people of the county are looking forward eagerly to the completion of this line. It is going to be a great thing for the section of country it traverses."

JAPANESE NOT SATISFIED.

Demand Unanimous for Recall of Ambassador Aoki.

(By Wire to The Morning Star.) Tokyo, June 21.—There is an unanimity of opinion here that Ambassador Aoki is unfitted for his present post at Washington and it is certain that attempts have been made to remove him. He has a very powerful political support, and moreover, being the senior of Viscount Hayashi, the Foreign Minister, in the diplomatic service, it would be a very delicate matter for the latter to recall him. Unless strong proof can be furnished that Ambassador Aoki is persona non grata at Washington, it is not likely that the Viscount will take the initiative in removing him from the position. There are rumors to the effect that the Japanese Ambassador is very unpopular, not only with the Japanese, but Americans generally, and should this prove true, his removal might be deemed necessary, despite the strong influences now supporting him here.

Washington, June 21.—Secretary Root left Washington today for his Summer home near Utica, N. Y., and Ambassador Aoki intends to retire to Buena Vista, Maryland, during the heated term, so that it is not to be expected that there will be any important diplomatic exchanges between the government at Tokyo and Washington in the near future.

FORAKER TO RAILROADS.

He Favored Elkins Bill, But Opposed Hepburn Bill.

(By Wire to The Morning Star.) Put-in-Bay, Ohio, June 21.—The purely business sessions of the National Freight Traffic Agents closed today with an address by Senator Foraker. The Senator was giving a rousing reception. After giving the history of railroad from the Civil War, the Senator illustrated the natural development of the rebate system as competition increased. He gave a history of the Elkins bill, which he defended as a complete remedy when fully enforced for the evils of the rebate system. He defended his opposition to the Hepburn bill on the triple grounds that it was unnecessary on account of the existence of the Elkins; that it was opposed to the principles of the constitution of the United States and that it was impolitic to permit any seven men in Washington or elsewhere to fix rail road rates.

DIVIDES THE WORLD.

The Line That Marks Where Day Begins and Ends.

IT TRAVERSES THE PACIFIC.

The Way This Important Boundary Came to Be Established—Spots Where Today, Tomorrow and Yesterday Are Still a Confused Jumble.

It is evident that the day must begin somewhere, though it is a confusing thing to undertake to determine just where, for one may go on and on around the world and never catch up with it. On the other hand, if we are not careful in reasoning we will reach the absurd conclusion that it is Monday noon and Tuesday noon at the same time in any given place.

A writer in the St. James' Gazette treats this peculiar phase of the subject in a very definite way.

Seeing that as one moves westward the time gets earlier and earlier, so that when it is Monday noon in London it is some time on Monday morning in America, it follows that, if this principle were continued without limit halfway round the world, at the same moment that it was Monday noon in London it would be also twenty-four hours later—that is, Tuesday noon—in London. As this is reductio ad absurdum, we have to look for the limit, which does, in fact, exist, on the principle that as one moves westward the time gets earlier and as one moves eastward it gets later.

Before the circumnavigation of the globe there was no difficulty. When on a Monday the sun stood over London it was Monday noon in London. As the sun moved (to use the popular phrase) westward and stood a little later over Dublin it became Monday noon in Dublin, and so on until it reached the western limit of the known world.

When the sun passed over that limit, that was the end of noon for that Monday, and nobody knew what the sun was doing until he reappeared on the eastern limit of the known world, bringing with him Tuesday morning.

It is evident, therefore, that while the sun was in the unknown abyss between west and east he dropped the attribute of making the time at all places directly under his rays Monday noon and took to himself the attribute of making it Tuesday noon.

As the confines of the world were pushed farther eastward and westward, respectively, the unknown abyss where this change of attribute had to be made got narrower and narrower until, when the globe was circumnavigated, the place of change became simply a line.

This line exists and is the place where the days begin. As the sun crosses this remarkable spot the time jumps twenty-four hours onward—from noon one day to noon on the next day. The situation of the line has been located quite fortuitously—namely, by the circumstance whether any given place was first reached by civilized man journeying from the east or from the west.

The discoverer brought with him the almanac from whence he came, and if he came from the west the time in the new country would be later, and if he came from the east it would be earlier than the time in the country he came from.

America was reached by civilized man voyaging westward and China by man traveling eastward, and the result is that the line that marks where the days begin lies between these two in the Pacific ocean and, instead of being a straight line, zigzags about, dividing islands which happened to be discovered from the east from those which happened to be discovered from the west.

There must still be many islands in that ocean where it is not yet decided to which side of the line they belong and where, if one were put down, one would not know whether it were today, tomorrow or yesterday.

There must also be many islands there which, never having been permanently occupied by civilized people, change their day from time to time, so that a ship calling there coming from China might arrive on Tuesday, while another ship calling at the same time from America would arrive on Monday. There must be people living so near this line that by going a few miles they can leave today and get into tomorrow or, by going back, can find yesterday.

Jamaica's Green Turtles.

An official of Jamaica in a report on turtle fishing, which is the chief industry of the Cayman Islands, says that green turtles display an extraordinary sense of locality. It has happened more than once that turtles marked with the initials of their captors have escaped from their crawls in Grand Cayman and within three months have been recaptured at the fishing ground, a distance of over 800 miles. The last instance of this was when a crawl was cut down and 200 turtles escaped. Within three months thirty of them were caught by different fishing boats off the Nicaraguan coast.

An Imaginary Trip.

PENNSYLVANIA CAPITAL GRAFT

Governor Pennypacker in Very Embarrassing Position as Witness.

(By Wire to the Morning Star.) Harrisburg, Pa., June 21.—Former Governor Pennypacker appeared as a witness before the capital investigation committee and for more than four hours was under examination. In a good natured manner he answered all questions in a straight forward and open way. Twice his remarks were applauded by the spectators.

Mr. Pennypacker declared that the board of public grounds and buildings of which he was president, during the equipment of the capitol had acted in good faith. Entire confidence had been vested in the ability, honesty and integrity of Architect Huston, he stated, and John H. Sanderson had been referred to them as the best available man to secure to furnish the building. If the State has been fleeced by the carrying out of the contracts, Mr. Pennypacker thought that treason had been committed, and that the guilty parties should be punished.

"Sanderson was made to give the board a sworn statement for everything he supplied," was one of his declarations. "If he cheated the State, he was guilty of perjury as well as of fraud." When Mr. Pennypacker's attention was called to the fact that Sanderson was given the \$2,000,000 contract for lighting fixtures, in spite of the fact that he was not the lowest bidder on the item, he replied that he thought it would be good business sense to give the contract as a whole and that Sanderson, being the lowest bidder on nearly all the items, he should be given the entire contract. "Had I known at that time what I know now," he admitted, "we would not have proceeded in that way. Had I known then what I know now about that bronze or lighting item we would not have done as we did. Sometimes we learn of our mistakes when it is too late to correct them; that seems to be the case in this matter."

W. R. Johnson, for president, received 214 votes, defeating Thad. H. Howe, of Chicago, incumbent, by a majority of five.

The national directors will meet in St. Louis, July 6, for re-organization.

EMPEROR WILLIAM WON.

Came Out First in Yacht Race.

American His Guests.

(By Cable to the Morning Star.)

Kiel, Germany, June 21.—Emperor William in the yacht racing today, after sailing over a thirty-three mile course in a nine-knot breeze, steered the Meteor across the finish line 3 minutes 50 seconds ahead of the Hamburg, his only competitor. The time was: Meteor, 3 hours, 14 minutes, 26 seconds; Hamburg, 3 hours, 18 minutes and 17 seconds. The Meteor made her best gain on the Hamburg during a squall. The Meteor leaned over at an angle of sixty degrees during the blow. The sailing master yelled "let go the halyards," but Emperor William shouted in reply "no, no," and the Meteor held on. The halyards of the Hamburg were let go and she lost a distance she could not make up.

At the dinner tonight Ambassador Tower sat at the Emperor's right and Mr. Carnegie had a good place across the table from the Emperor. Emperor William and Mr. Carnegie had a talk after dinner. Later the American guests of the Emperor, accompanied by Mrs. Tower, Mrs. Carnegie and Mrs. Chadwick, attended a ball at Prince Adalbert's Palace.

One fireman was probably fatally injured, one badly hurt and five others slightly injured by the collapsing of the porch of a burning residence in west end Atlanta, yesterday morning. The most seriously injured are: G. W. Watts, spine, wrenched, believed he will die and Cliff A. Smith. Five of the injured men were on the roof and were caught under it when it fell.

MRS. HANNA SECURES DIVORCE.

Second Woman Forces Herself From Mark Hanna's Son.

(By Wire to the Morning Star.) Cleveland, Ohio, June 21.—Mrs. Daisy Gordon Hanna was granted a divorce from Dan R. Hanna, son of the late Senator M. A. Hanna, by Judge Phelps in the Common Pleas Court today. Mrs. Hanna was given the custody of the only child. The alimony was privately agreed upon out of court.

Mrs. Daisy Gordon Hanna was the second wife of Dan D. Hanna, his first wife having been May Harrington Hanna who obtained a divorce in 1898 and is now the wife of Edward K. Stallo, of New York. The grounds for the suit for divorce were gross neglect of duty and cruelty.

Mrs. Daisy Gordon Hanna, prior to her marriage to Dan R. Hanna, was the wife of Walter Des Maud, an English army officer, from whom she obtained a divorce a few years ago.

SUIT AGAINST MRS. EDDY.

One of Next Friends Withdraws. Plaintiffs Want Money.

(By Wire to the Morning Star.)

Concord, N. H., June 21.—Fred W. Baker, of Epsom, N. H., a second cousin of Mrs. Mary Baker G. Eddy, today filed in the Superior Court here his withdrawal as one of the "next friends" plaintiffs in the suit for an accounting of Mrs. Eddy's property. He withdraws on the ground that others nearer of kin than he to Mrs. Eddy are acting as plaintiffs and that his presence among them is unnecessary.

Counsel for the "next friends" also filed several documents in the court today, one being a request that Judge Chamberlin make requisition upon the trustees of Mrs. Eddy's estate for the necessary funds to carry on the suit brought by the "next friends."

WOMEN TURN LYNCHERS.

Six Arrested in Illinois for Threatening Bigamist.

(By Wire to the Morning Star.)

Assumption, Ill., June 21.—Six women were arrested today on the charge that they were implicated in an attempt to lynch Alfred Boulard, a miner, last Monday night. Boulard was accused of being a bigamist, although he was acquitted of the charge in court. The woman who said she was Boulard's first wife was arrested charged with having been a mob leader. She was later released under the condition that she remain away from Assumption.

WARM WIRELETS.

Two were killed and one was injured by the derailment of a Northern Pacific work train near Detroit, Minn., yesterday.

Isaac Wormser, the New York banker died last night. His condition had been critical since he suffered a severe attack of gout two weeks ago. He was 77 years old.

Willis McClelland, a negro, was hanged at Mobile, Ala., yesterday for the murder of Michael McGovern, an aged white man. McClelland confessed. The hanging was a bungling job, McClelland strangling to death in fourteen minutes.

The battleships Iowa, Ohio, Indiana and Maine returned to Hampton Roads yesterday afternoon, dropping anchor off the Exposition. The officers report successful maneuvers off the coast.

At Chicago yesterday the great American handicap in the shooting tournament was won by J. J. Blanks, of Trzevant, Tenn., with a score of 17 out of a possible 20; M. J. Maryott, of Fort Collins, Col., second, with 15, and Chauncey M. Powers, of Decatur, Ill., was third, with 14. These three were tied Thursday for first place, each scoring 96. The shoot off yesterday was at twenty targets.

It was announced that the Kansas State Board of Railroad Commissions had practically decided to issue an order putting a flat two-cent passenger fare into effect. It is stated that some of the commissioners had taken the matter up with the railroad officials in an informal manner and that it was found the railroads are dissatisfied with the mileage book plan and probably would not fight the order.

Doves and Religion.

"One thing I remarked and think worthy of notice is that ever since Noah's dove every religion seems to consider the pigeon as a sacred bird. For example, every mosque swarms with pigeons, and the same exists in most Italian market places. The Hindu pundits and the old Assyrian empire also have them, while Catholics make it the emblem of the Holy Ghost."

Lady Burton in her account of the Mohammedan mystery play of "Hasan and Hossein" says:

"Then comes the bier with Hossein's corpse and his son sitting upon it sorrowing and embracing him and a beautiful white dove in the corner whose wings are dabbled with blood. The effect upon the excited crowd is awful."

OLD TIME CALENDARS.

The Saxon Clog, Whence Comes the Name "Almanac."

In these days, when printed calendars are in evidence everywhere, the question as to what device the elder folk employed to help them mark the progress of time is not uninteresting.

"They," says Verstegan, alluding to the Saxons, "used to engrave upon certain squared sticks about a foot in length, or shorter or longer, as they pleased, the courses of the moons of the whole year, whereby they could always certainly tell when the new moons, full moons and changes should happen, as also their festival days, and such a carved stick they called an al-mon-acht—that is to say, al-mon-heed, to wit, the record or observation of all the moons, and hence is derived the name almanac."

An instrument of this kind was also called the clog, from its form and matter, and had a ring on the upper end of it to hang on a nail somewhere about the house. On each of the four sides were three months, the days being represented by notches. Every seventh notch, being of a larger size, represented Sunday. Issuing from the right side of the notches were inscriptions and figures marking the festival days by some endowment of the saints or illustrating the season of the year by some work or sport characteristic of it.

Thus against June 29, St. Peter's day, were carved his keys. On Feb. 14 a true lover's knot appeared, and against the notch designating Christmas day was the old wasshall or carousal horn that the forefathers used to make merry with.

The Danes, Swedes and Norwegians used these almanacs under various names, such as Reinstocks, Runstocks, Runstuffs, Annales, Staves, Stakes, Clogs, Runic, and so forth. Before printing was introduced and when manuscripts were rare and dear these Runic almanacs were made the instruments of instruction and regularity. That they might be more serviceable they were often carved on the tops of pilgrims' staves or stakes so as to regulate their time of assembling at particular places. They were also cut on sword scabbards and implements of husbandry. These clogs are not entirely unlike the Egyptian obelisks, which have been called fingers of the sun and which may be regarded as a species of almanac.

One of the first printed almanacs or calendars was that of John Muller, who opened a printing house and published his almanac at Guremburg in the year 1472. It gave not only the characters of each year and of the months, but foretold the eclipses for thirty years in advance.

In England the year book of Henry VII. gives the first recorded account of almanacs.—Chicago Record-Herald.

Where He Worshipped.

As the new minister of the village was on his way to evening service he met a rising young man of the place whom he was anxious to have become an active member of the church.

"Good evening, my young friend," he said solemnly. "Do you ever attend a place of worship?"

"Yes, indeed, sir, regularly every Sunday night," replied the young fellow, with a smile. "I'm on my way to see her now."—Ladies' Home Journal.

—Mr. C. C. Moore, president of the State Cotton Growers Association, will address the citizens of Red Springs on Monday, June 24, at 8 P. M.

—Duplin Journal: The County of Sampson offers a reward of \$150, and the State offers \$250 for the arrest and delivery of A. W. Aman, the absconding ex-Sheriff of Sampson county, at the Court House in Clinton, N. C.

—Whiteville News Reporter: Mr. W. H. Chancey, of Lake Waccamaw, had the misfortune of losing his house and property and \$500 in money, it having been struck by lightning. It was burned between 1 and 2 o'clock Monday morning.

—Whiteville Echo: The new town of Artesia, near Hallsboro, now has its own postoffice, this having been established by the government last week. The people of Artesia of course find this a great deal more convenient than having to get their mail from Hallsboro, more than a mile away, as they have been doing heretofore.

—Fairmount correspondence Lumberton Robesonian: Mr. John Stubbs had the great misfortune to lose his wood-working plant by fire last Monday. It was quite an extensive plant and up to date in every respect, and as the machinery was ruined also, with no insurance on anything, it is a great loss to Mr. Stubbs.

—Clarkton Express: A fine horse belonging to E. J. Cox & Co., was drowned while crossing Shaw ford between this place and Elkton, a few nights ago. For some reason the horse lay down in the water, which was not more than three feet deep, and before it could be taken from the buggy was drowned.

—Whiteville News Reporter, June 20: On last Monday George McMillan, colored, was arrested on A. C. L. train No. 55, for beating his way, and was being held for the town officers. On reaching Whiteville, he made a break for liberty and was shot by the baggage master. At the hearing yesterday the negro was sentenced to one month in jail.

—Whiteville News Reporter: No town in the State has a brighter outlook than Whiteville. In every direction new houses are going up and other improvements being made. In a few more years Whiteville will be classed among the cities of the State. Strangers are coming in, work is plentiful and the note of prosperity is seen on every hand.

—Red Springs Citizen: An architect from Atlanta has secured the job of furnishing plans for the new court house for Robeson county, and we suppose the work of construction will soon be in hand. As the county is said to be already in debt, the cost (about \$60,000) will further pinch the taxpayer. But as a court house is to be built, the sooner it is done the better.

—Red Springs Citizen: News comes to us this week that Mr. Gilchrist McCormick is to leave Robeson county and engage in business other than the practice of law. We are sorry to hear this, and hope he will continue with us. Mr. McCormick is not only one of our foremost lawyers, but he is young and active in the current affairs of everyday life. His services as chairman of the County Executive Committee is to be appreciated, and he is always at hand when anything is to be done for the public welfare.

ADD STATE NEWS SPIRITS
—The coroner's jury investigating the death of Oscar Kearns, colored, found dead in the woods near High Point Sunday morning, on Thursday committed Policeman Frank Sechrest to jail without bail on the charge of shooting and killing the negro. It was reported to the officer that negroes were gambling in the woods and upon approaching two of them they ran, whereupon the officer fired. He was committed to jail at Greensboro and his attorneys will sue out a writ of habeas corpus.

WHY IS SUGAR SWEET?

If sugar did not dissolve in the mouth you could not taste the sweet? GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. Price 50 cents.

The site of The Keeley Institute at Greensboro comprises an entire city block. Thoroughly modern sanitarium; rooms en suite with private bath if desired. thu sat **

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 21.—The cotton

market was not more than moderate-

ly active today, but, after selling off

to a new low point for the movement

during the early session, had quite a

sharp rally in the late trading and

closed very steady at a net advance

of 3 to 9 points. Sales for the day

were estimated at 200,000 bales. The

opening was barely steady at a de-

cline of 2 to 6 points in response to

lower cables and shortly afterward

the active new crop months showed a

net loss of 8 to 9 points on the favor-

able weather reports in the Western

belt and a forecast for continued show-

ers in that section. July was relative-

ly firm, however, selling only 3 points

net lower and around 11.26 for Octo-

ber the market steadied on covering

of shorts and ruled generally steady

during the balance of the session, be-

coming more active and firmer toward

the close on buying by houses with

Western connections and rumors of

fresh bull support. The close was

within a point or two of the best on

the active months. Twenty-five points

in Texas, according to the detailed

reports of the weather bureau, re-

ported precipitation ranging from

about .02 to 3.00 inches. The in-

crease for the week was smaller than

estimated according to the New York

figures at 37,316 bales against 53,966

bales and expectations of bullish vis-

ible supply figures may have had some

influence during the afternoon.

Receipts at the ports today, 2,870

bales, against 8,478 last week, and

6,368 last year. For the week 28,000

bales, against 34,035 last week, and

22,102 last year. Today's receipts

at New Orleans, 803 bales, against

906 last year, and at Houston, 215

bales, against 1,357 last year.

Spot cotton closed firm; middling

uplands, 12.85; middling Gulf, 13.10;

sales 795 bales.

Futures opened barely steady and

closed very steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, June 21.—The dry goods

market was generally quiet, but prices

were very firm. For the day the job-

bing trade was better. More con-

fidence was expressed by buyers about

future trade, but they were operating

cautiously and little movement is

anticipated until after the midsummer

holiday. Worsteds were more in de-

mand here and some large carpet man-

ufacturers are ready to place orders.

Cotton yarns are more quiet, but very

firm. Dress goods are showing signs

of improvement.

MUST FACE JURY FOR HIS LIFE

So Judge Wood Decides in Mrder
[Charge Against Wm. D.
Haywood.

STATE'S EVIDENCE CLOSED

Court Overruled Motion of Defense
to Instruct Jury to Acquit Defen-
dant for Lack of Evidence
to Convict.

(By Wire to the Morning Star.)
Boise, Idaho, June 21.—When the
State today closed its case against
William D. Haywood, charged with
the murder of Frank Steunenberg,
the defense made an unsuccessful at-
tempt to have the court direct the
jury to acquit the prisoner on the
ground that the State had not proved
its charge. Judge Wood's ruling,
which requires the defense to meet
the evidence the State has presented,
was at the close of court, and it was
then arranged that Haywood's coun-
sel should make their opening state-
ment and present their first testimony
on Monday.

The prosecution introduced a few
witnesses today to corroborate pre-
vious evidence and then formally rest-
ed its case. The motion for an in-
struction to the jury to acquit was
by agreement presented at the after-
noon session, and the jury was sent
to the jury house out of hearing. At-
torney F. Richardson made the prin-
cipal argument in support of the mo-
tion in a long, carefully prepared and
eloquent address. He took for his
guide the Idaho statute, which for-
bids conviction on the uncorroborated
testimony of an accomplice, quoting
many authorities in support of his
contention that there must be con-
vincing corroboration entirely inde-
pendent of the testimony of the ac-
complice. He declared that none of
the testimony could stand without
support of Orchard's story and that
the statute specifically forbade its ac-
ceptance. He argued also that the
testimony of Orchard was the only
showing that in any way connected
Haywood with the crime, and that the
statute forbade conviction.

Senator Borah, who alone spoke for
the State, argued with like force and
eloquence that Haywood's connection
had been independently shown and
that Orchard's testimony had been
corroborated by independent circum-
stances and evidence. He also sub-
mitted a general argument to show
that the State had established the ex-
istence of a general conspiracy, in
which Haywood was a participant.

Going over the San Francisco chap-
ter and accounting for the attempt on
Bradley, who was once manager of
the Bunker Hill and Sullivan mine, on
grounds parallel with the murder of
Steunenberg, Senator Borah said:

"Take what path you will and fol-
low which trail you will, it leads al-
ways back to Denver. In San Fran-
cisco we find that Orchard is sustain-
ed by a party whom we contend is a
member of this conspiracy, and not
as Harry Orchard, nor as Thomas Ho-
gan, but as Jack Dempsey and Harry
Green. Why? This money was sent
to him by Pettibone, who committed
forgery in doing so."

Senator Borah contended that the
letter written by Haywood to Mrs. Or-
chard, telling her that her husband
was in Alaska, when he was really in
pursuit of former Governor Steunen-
berg, was a circumstance independent
of Orchard's testimony that connected
Haywood with the crime. He declared
that when Haywood wrote the letter
Orchard was at Caldwell with Simp-
kins, one of the leaders of the West-
ern Federation of Miners, planting a
bomb for Steunenberg.

Clarence S. Darrow closed for the
defense. He ridiculed the idea of a
general conspiracy and contended that
if the most liberal allowance was
made for the entire showing of the
State it would not make out a case
against the prisoner worthy of sub-
mission to the jury.

Mr. Darrow warmed up when he
reached the articles in the Miners'
Magazine. "Why the man (Haywood),
was a miner, working in the bowels
of the earth in Silver City," he said,
"when the most violent articles in
the magazine were written. Since
this man became an officer of the or-
ganization the mildest articles have
appeared. Within the last four years,
Steunenberg's name has not appeared
in the Miners' Magazine. It would be
better to shut down the printing
presses and abolish newspapers, if be-
cause of some intemperate criticism,
editors of newspapers were to be
charged with conspiracy and put in
danger of their lives."

Mr. Darrow sketched through the
evidence and maintained that without
Orchard there was no evidence to
show that any officer or member of
the Western Federation of Miners
knew anything about the crimes to
which Orchard testified. Crimes had
been committed and Orchard said he
was the guilty man, but there was no
one else to prove that Orchard was
there.

"Where is there a witness in this
case who has ever heard of Haywood's
connection with this conspiracy? We
have nothing but the testimony of a
man who is trying to convict three
men to save his own life." In con-
clusion he appealed to the court to
dismiss the case.

Judge Wood immediately announced
his decision, refusing the motion.
"The court is thoroughly satisfied that
this case should go to the jury. If I
felt differently I would not hesitate
so to rule."

The court then explained that he
would not review the evidence in a
written opinion because there were
two more defendants to be tried later.
Court then adjourned until Mon-
day.

ANOTHER STRIKE IN SAN FRANCISCO

Operators of Western Union and
Postal Telegraph Companies
Walk Out.

DEMANDS WERE REJECTED

Telegraphers Wanted Twenty-Five
Per Cent Increase in Wages Be-
cause It Costs More to
Live Out West.

(By Wire to the Morning Star.)
San Francisco, June 21.—The West-
ern Union and Postal operators in
San Francisco struck at 3:30 P. M.
The order to strike was issued after
the Western Union, office declined to
arbitrate the grievances complained
of.

This strike is purely local and will
not affect eastern offices. President
Small, of the Commercial Telegraphers'
Union, has seen the statement is-
sued yesterday by President Clow-
ery of the Western Union Telegraph
Company, but says that it will make
no difference so far as the situation
in San Francisco is concerned.

President Small said that the set-
tlement in the East was unsatisfactory
but the situation in San Francisco
would be dealt with first. The 25 per
cent increase demanded for San Fran-
cisco operators should have to be
granted as, in his opinion, the cost of
living here is greater than in other
portions of the United States.

Surprise in New York.

New York, June 21.—The strike of
the Western Union and Postal Tele-
graphers at San Francisco today came
as a surprise to these companies, fol-
lowing as it did so close upon the
supposed settlement of the differences
through United States Commissioner
of Labor Charles P. Neill, and the
subsequent statements by President Clow-
ery, of the Western Union, and R.
J. Nally, manager of the Postal Com-
pany. As late as noon today Deputy
President J. Konenkamp, of the Com-
mercial Telegraphers' Union, gave
out that there would be no strike at
San Francisco, that evidently Presi-
dent Small had not seen the report of
the settlement when he announced
that the San Francisco operators
would quit work today. The repudia-
tion of the settlement by President
Small, therefore, caused surprise to
the union officials in this city, and it
was intimated that the national ex-
ecutive board would be called togeth-
er immediately to consider that of-
ficial's action. Mr. Konenkamp said:

"I have a document from Mr. Small
giving me full authority to act as pre-
sident in his absence, and I approved
the terms of settlement offered by the
Western Union yesterday. The tele-
graphers in New York will stand by
that settlement. We feel that we now
have the support of public sentiment
in the course we have taken and we
shall not sacrifice that by repudiating
the agreement. We appreciate the
great assistance given to us by the
government through Mr. Neill and we
shall not stultify ourselves."

The officials of neither the Western
Union nor the Postal Companies
would make a statement tonight.
Strike ridden San Francisco had an-
other strike added to the list this af-
ternoon, when the 250 telegraph op-
erators employed in Oakland and San
Francisco by the Western Union and
the Postal Telegraph Companies left
the keys at 3:30 o'clock and walked
out of the offices. Three short blows
on a police whistle gave the signal,
and the operators rose from the tables,
put on their coats and quit work.

The Postal and the Western Union
main San Francisco offices are both
in the Ferry Building. Since the fire
of 1906 the main relay office of the
Western Union has been at West Oak-
land, where about 150 men and women
are employed, and at Branch offices
about twenty more.

The Postal Company has sixty op-
erators in its main San Francisco of-
fice. The operators in San Francisco
and Oakland were dissatisfied with
the letter written by President Clow-
ery of the Western Union to Labor
Commissioner Neill, as published yes-
terday and insisted that their de-
mands for 25 per cent. increase in
wages be granted.

President Small, of the Commer-
cial Telegraphers' Union, arrived yes-
terday and after considering the sit-
uation ordered the strike unless the
increase was granted. Both the West-
ern Union and the Postal offices de-
clined to grant the 25 per cent. in-
crease or to consult with the union.
They expressed a willingness to con-
sider any advances asked by their em-
ployees as individuals, but this did not
satisfy the men.

Appeal for Eight Hours.

Washington, June 21.—When shown
the news from San Francisco that a
strike had gone into effect today,
Commissioner of Labor Neill said he
could not understand the meaning of
the move, but as the strike was likely
to be confined to San Francisco and
Oakland he said that it did not appear
to affect the settlement arranged in
New York.

W. W. Beattie, vice president of the
Commercial Telegraphers' Union, to-
day sent a telegram to E. J. Nally,
vice president and general manager
of the Postal Telegraph Company,
New York, urging him from a human-
itarian standpoint to consider favor-
ably the eight hour day." Mr. Beattie,
in his message declared that the em-
ployees of the Washington office feel
that to be compelled to work nine and
a half hours during the heated sea-
son is a most trying ordeal. He also
telegraphed President Small, of the
Telegraphers' Union:

"The sentiment at Washington is
intense against any compromise, espe-
cially the eight-hour day.

BRADSTREET'S TRADE REVIEW

Better Crop Weather is Helping Busi-
ness—Iron Booming.

(By Wire to The Morning Star.)
New York, June 21.—Bradstreet's
tomorrow will say:

Long awaited seasonable weather
has further improved retail trade and
crops, slightly enlarged reorder busi-
ness with jobbers and made for more
confidence in the placing of orders
for future delivery. In some sections
also collections have responded in a
measure to more favorable influences,
but payments are still backward.
Taking the wholesale trades gener-
ally, there is a rather more quiet tone
perceptible. There is a disposition
this year, more perhaps, than in re-
cently preceding years to await clear-
er indications of the outturn of the
growing crops.

Cross currents display themselves
prominently in various lines. Iron
production and consumption is at a
record rate and finished products are
very active, but the crude forms net-
ted by and pig iron and billets are
slightly lower.

Lumber seems to be easier and in-
terior demand is lighter, but large
cities show good local demand exist-
ing. The cotton goods line is not so
urgently active as earlier, but there
is no weakness, the recent spurt in
retail trade at the west developing
the fact that there are no surplus
stocks in the hands of Western job-
bers, while the uncertainty as to sup-
plies of raw material prevents any ap-
pearance of weakness. The shoe
trade has been benefited by the bet-
ter weather, but eastern factories re-
port demand disappointing. The can-
ned goods trade has had an immense
demand for the balance of the last
year's production, and stocks are down
to the minimum, with prices high.

The clothing trade is quiet at whole-
sale and it is still too early to figure
on Fall trade. Spring buyers want
goods despite some cancellations by
retailer. Cotton yarns are very strong
at the highest prices of the year and
premiums are paid for quick deliv-
eries. Hardware orders come in more
slowly and collections drag.

REPORTING TO ROOSEVELT

Charges Against Southern Officehold-
ers Under Investigation.

(By Wire to The Morning Star.)

Oyster Bay, N. Y., June 21.—Presi-
dent Roosevelt's first luncheon at
Sagamore Hill, of the season, was held
today. The guests were Herbert
Knox Smith, Commissioner of Corpor-
ations and Alfred W. Cooley, Assistant
Attorney General, Judge J. H. Ward,
recently appointed a Circuit Court
Judge in New York, and Robert
Bridgers, one of the President's pub-
lishers.

The French Ambassador and Mad-
ame Jusserand were visitors at Sag-
amore Hill and expect to remain a
day or two.

Mr. Cooley has just returned from
an extensive Southern trip, the an-
nounced object of which was to make
investigation of record of several of
Federal officers, under the Depart-
ment of Justice, against whom charges
have been made. Mr. Cooley's report
is being handled by the Department
and no announcement of conclusions
will be made until appropriate action
in each case has been determined
upon.

EVERYBODY FOR ROOSEVELT.

Tennessee Republican Says He Would
Carry Some Southern States.

(By Wire to The Morning Star.)

Washington, June 21.—Representa-
tive Nathan W. Hale, Republican of
the Fifth Congressional District of
Tennessee, today declared in favor of
the election of President Roosevelt
for another term. He said that "if
again nominated, Roosevelt would
carry several Southern States, as the
country wanted him to have an oppor-
tunity to finish the Panama Canal
and the mighty reforms and measures
for which he stands. It would be a
National calamity to make a change
at this time."

"Since Congress adjourned I have
made two trips West, passing through
many States, and find the people every-
where for Roosevelt, the politicians
frequently against him. I have re-
cently gone over the State and find
Tennessee ready for the President.
The people will listen to no other
name and our State will be instruct-
ed for him."

COULDN'T ESCAPE HANGING

Georgian Broke Jail Twice and Reach-
ed South America.

Cordele, Ga., June 21.—George W.
Bundrick, was hanged here today for
the murder of John Schroeder, in Dooley
country, in 1902. Bundrick, with his
brother, killed Schroeder as the re-
sult of a feud between the families.
The brother is now serving a life sen-
tence. George Bundrick escaped to
South America. He was recaptured
and brought back to Cordele for trial.
He was twice convicted and sentenced
to death but escaped from the jail at
Americus, Ga., last November. He
surrendered voluntarily at Downey,
California, last April.
